REBEL BATTLESHIP

BOMBARDS A RUSSIAN TOWN

The Kniaz Potemkine Begins Open War—Black Sea Fleet Again Looking for the Rebels

London, July 7.—A bulletin issued by the Daily Mail says the Potemkine is bombarding Theodosia. The town is burning. The soldiers and garrison are leaving residences. Another torpedo boat has joined the mutineers.

LOOKING FOR THE POTEMKINE

London, July 7.—A dispatch from Theodosia says yesterday a boat from the Kniaz Potemkine was sent ashore and was met by infantry fire which killed two men and caused seven to jump overboard. Naval officers were afraid to test the ship's crews by attempting to capture the mutineers. The steamer Smolensk with a legal voluntary crew aboard missed the Potemkine at Kusteni and left Varna yesterday.

THE CENTRE OF INTEREST

Odessa, July 7.—Kniaz Potemkine still occupies the centre of the stage here and her movements create a lively interest. She is constantly reported from one Euxine seaport or another.

BLACK SEA FLEET SAILS

St. Petersburg, July 7.—The Black Sea fleet has gone to Odessa, and the result is awaited with extreme anxiety. The Odessa press correspondent and mayor visited the rebel battleship and found it commanded by a committee of seven headed by a commissioned officer. Every thing aboard was in order and discipline prevailed. All the guns were loaded and the mutineers had a full supply of ammunition. The crew consisted of 750 men with 15 other men in a torpedo boat.

THE STORM CENTRE

St. Petersburg, July 5.—It is stated that the transport Vecha, the crew of which joined the mutineers in the harbor of Odessa, surrendered today in Russian waters.

The Russian torpedo boat destroyer Smolensk appeared off Kusteni and signalled that she was seeking the Kniaz Potemkine.

It is stated that the Kniaz Potemkine has attacked an Italian vessel carrying coal.

There is much uneasiness among Russian vessels at Roumanian ports.

The British steamer Cranley which was taken into Odessa harbor under cover of the guns of a torpedo boat destroyer, has been released.

The general situation in Odessa shows signs of gradual improvement. The removal of debris from the burned area has begun, and general dock work and coasting service has been resumed. The strikers are returning to work.

A large number of troops have been sent to the summer quarters within easy reach of the city. The Odessa chamber of commerce has petitioned the minister of finance to

permit an extension of fourteen days on notes falling due.

There was sporadic firing in several streets of Bielostok today, and a bomb was thrown in a street in the centre of the town. It is reported that several persons were killed.

Lieut.-Gen. Ridiger, chief of the chancellery of the war office, has been appointed minister of war in succession to Lieut.-Gen. Sakaroff, who recently resigned. Lieut.-Gen. Palatyn has been appointed chief of the general staff.

NOTICES GAZETTED.

The current issue of the (N. W. T. gazette gives notice of the following appointments, etc.:

Commissioners for taking affidavits, D. L. Dows, Sunny Slope, Alta.; J. Flunker, Beaver Hills, Alta.; E. B. Nowers, Inuitfall, Alta.

FRIDAY JULY 7, 1905.

"A BANNER WITH A STRANGE
DEVICE"

The evidence is multiplying that the Conservatives of Alberta will endeavor to conduct the Provincial campaign, in the Northern portion of the Province at any rate under the guise of "Independence." Where candidates other than Liberals have been chosen they have usually appeared under this banner and quite as usually the nominees are found to be aggressive Conservative workers whose nominations would be expected in a straight party fight. On the other hand it is suggestive that no "Conservative" candidates as such, have been brought out in any of the northern constituencies. The plain conclusion is therefore that an attempt is to be made to secure a victory under false colors.

It is of course quite within the privilege of the Provincial party leaders to hoist whatever flag they choose as it is within the privilege of Conservative gentlemen in the various constituencies to consent to fight under such standard.

Alberta Liberals however should be misled by no display of strange bunting. The Moose Jaw convention was called and conducted as a council of war. It was thoroughly representative of Territorial Conservatives from Manitoba to the Mountains, from the Athabasca to the boundary. The deliberate plan of Campaign adopted in that convention was:

"That in furtherance of the objects of this convention, be it resolved that Conservative candidates, as such be placed in nomination in every constituency at the next general election of members to the legislative assembly of the North West Territories and kept in the field till the close of the polls."

This resolution was moved by F. W. G. Bennett and Richard Bedford Bennett M.L.A. and was adopted without a dissenting voice. Neither Mr. Hamilton Mr. Bennett nor any representative Conservative or body of Conservatives have renounced allegiance to this declaration and it stands today the understood pledge and platform of Territorial Conservatism.

Under whatever banner therefore the campaign may be carried on in the various parts of the Province, Liberals may understand clearly and finally that the purpose of the party whose representatives convened in Moose Jaw has not been changed and is today as then the election of a Conservative Government.

SOME WAYS TO IMPROVE THE
FAIR

The annual exhibition has become a permanent and by no means inconsiderable factor in the industrial, commercial and social life of the city and district, an institution to which the community acknowledges an obligation and in the progress and expansion of which the community is interested. This interest was crystallized during the present summer, so far as the city at least is concerned, from a sentiment to a practical condition, by the guarantee against loss which the city council placed behind this action of the council there was little or no criticism offered and it is presumed that, as in the majority of other cities where this policy has been begun, it will be continued and eventually become the settled form and degree of relationship between the Exhibition and the citizens. The guarantee therefore has established a very real and practical public interest in the welfare and development of the exhibition, an interest which may warrant the public consideration of means whereby the exhibition may be made to more completely fulfill the duties and opportunities of such institution.

It has been said many times that the tendency of the modern "fair" is from the exhibition and toward the circus. It is argued that the public, judging from the attendance, is less interested in the display of the produce of a district than in the more or less exciting performances of the acrobat, the buffoonery of the clown

and the thrill of the race course. Admitting such to be the case, it does not follow that these forms of entertainment should comprise the entire "exhibition." In a community such as this there can be no question of the available quality or quantity of materials to make an annual agricultural and horticultural display which would speak more eloquently to the stranger within our gates than the tongue of the immigration agent or even the Alberta-enamored settler. And while the advertisement of the country may not have been the original purpose of the fair, it would be in every way highly desirable if such purpose could be accomplished in this manner. Probably nowhere in Canada could finer samples of growing crops be secured than were arranged last week in the exhibition building on the fair grounds, but probably not in another city of the size in Canada which professes to be the centre of an agricultural district will the number of specimens be so few. Better samples could possibly not be found, but why not more of them? Strangers, and there were hundreds of them present from all corners of the continent, might conclude that only the unusually good samples were exhibited. Residents of the country know differently, but the country does not need to be advertised for the benefit of the residents.

There is also the consideration of the benefit resulting to the farmers of the district from competition. That there is a very real and very considerable benefit is recognized in Eastern Canada, where lecturers are engaged to address the farmers attending the fairs on the merits and demerits of the exhibits. This educative purpose would be in a measure attained if a greater number of producers could be brought into the active competition of products.

At the track criticism was at times expressed rather freely at the long "waits" between races. That these were not purposely prolonged by either officials or horsemen may be admitted while yet recognizing the fact that at a race course the pleasures of anticipation are decidedly less alluring than those of realization.

If the preparations for the fire-works displays would permit the use of the ground, we are of the opinion that a series of athletic games would have been a decidedly welcome and profitable addition to the program. Between the conclusion of the racing events and the beginning of the fire-works display, each day was a period of sufficient length for a game of baseball, football or lacrosse. This period was "filled in" by the band and the "attraction" company, each of which had been well in evidence during the day. Had the games which were played on the ball grounds up-town during the fair, been played on the fair grounds during the early evenings, the results, we think, would have been satisfactory to both management and spectators.

THE C. P. R. AND EDMONTON

From the information published in yesterday's issue it is apparent either that the C.P.R. is very badly managed or that that corporation deliberately attempted to "knock" the Edmonton fair. As the company for years have claimed and have been admitted to have a management quite capable of carrying out the purposes of the corporation the conclusion is that fair treatment for Edmonton was not numbered among those purposes. Unless the C.P.R. can and does submit some satisfactory explanation of this series of "knocks" the general assumption will be that the company have opened war upon the Edmonton district. And the assumption will not be far astray.

The Balance
Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if its in good condition. It will move 3,558 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

Non-Partisan Government in the New Provinces

[Winnipeg Free Press]

In view of the present professions of pious anxiety by Conservative politicians in the Northwest Territories that there should be no introduction of Dominion party lines in the Provincial affairs of the new Provinces, and their preference that their conduct in the past has been in accord with these non-partisan professions, which they are making so loudly now, it is worth while to turn to the record of the Conservative convention for the Territories held at Moose Jaw two years ago. They are desirous now of representing that convention as not having been an official party round-up on Dominion lines, but merely a haphazard sort of affair, unfortunately for this pretence, the facts in connection with the Moose Jaw convention are of such a character as to make it quite impossible for them to give them any such non-partisan color. In the first place, the convention was summoned by the Dominion Conservative leader. The following is his letter calling it together:

"I have received communications from several Conservative associations as well as from prominent Conservatives throughout the Territories, requesting me to call a Territorial convention of our party for the purpose of organization and preparation for the next Federal election. After giving these communications any very best consideration, I have decided to accede to the request and to call a convention to meet at Moose Jaw on March 25 at 8 o'clock.

"For the purpose of calling and organizing the proposed convention I am addressing this letter to the two Senators of the Territories, to the Conservative candidates at the last Federal election in the districts of Alberta, East Assinibola, and Saskatchewan, and to the Conservative Association for Western Assinibola, in which the late lamented Mr. Davin was our candidate. It is desired that these gentlemen shall take all necessary measures to have delegates duly appointed by the Conservatives of each local constituency. May I therefore ask if you will be good enough to communicate at once with the local associations and with the Conservative representatives, or defeated candidates as the case may be, in the local constituencies in your district and have live, representative men selected in each local constituency by the proper authority to represent such constituency as delegate at the convention.

"You will realize, of course, how important it is that there should be a full attendance at the convention, and that it should be thoroughly representative in every respect. (Signed) "H. L. BORDEN." The deliberations of the convention, which was a thoroughly representative one, resulted in the adoption of a platform of twelve planks, pledging the Conservatives, as a party, to the introduction of Dominion lines in Territorial affairs. It is not necessary now to quote the platform in full; suffice it to say that it set forth all the current cries and professions of the Conservative party in Dominion politics, denounced the policy and the record of the Liberal Government at Ottawa, and in Resolution No. 7 declared in favor of contesting every constituency in the Territories on Conservative party lines, as follows:

"7. That in furtherance of the objects of the convention, be it resolved that Conservative candidates, as such, be placed in nomination in every constituency at the next general election of members of the Legislative Assembly of the Northwest Territories, and kept in the field till the close of the polls."

In the face of the above resolution these gentlemen are asking the public to believe that they are now and have always been innocent of any intention of introducing Dominion party lines. That the Moose Jaw convention was not the mere haphazard affair that they are now so anxious to represent it as having been, is shown not only by the summons sent out by Mr. Borden, quoted above, but by the list of delegates who attended, and by the officers elected for the Conservative Association then and there formed, and the committees appointed. The committees of the convention were as follows:

Ways and Means—P. McFar, Jr., Regina; J. J. Young, M.L.A., Calgary; P. L. Mackay, Indian Head; G. M. Annable, M.L.A., Moose Jaw; J. H. Pollock, Prince Albert. Resolutions—Senator Parley, Senator Loughheed, Premier Haultain, M.L.A.; R. B. Bennett, M.L.A.; H. S. Lake, M.L.A.; J. J. Young, M.L.A.; W. A. Grisham, W. C. Ives, J. W. Shera, M. L. A.; D. J. Grier, A. H. Anderson, J. D. Hannifin, Dr. Shadd, Thos. Tweed, Dr. Cowan, Dr. Patrick, M. L. A.; E. L. Edwood, Dr. Henderson.

The following were the officers and committees of the Association elected:

Hon. President, F. W. G. Haultain; president, Thos. Tweed, Medicine Hat; first vice president, Dr. C. T. Spence, Prince Albert; second vice president, W. C. Ives, Lethbridge.

Executive Committee—R. B. Bennett, M.L.A., Calgary, for Alberta; Dr. Creamer, Qu'Appelle, for Eastern Assinibola; G. M. Annable, M.L.A., Moose Jaw, for Western Assinibola; Thos. McKay, M.L.A., Prince Albert for Saskatchewan.

Committee on Organization—Dr. Ellis, Fleming, Assa.; R. B. Bennett, M.L.A., Calgary; W. B. Wiloughby, Moose Jaw; R. LeClerc, Prince Albert; F. C. Jamieson, Strathcona; G. Noble, Medicine Hat; Wm. Laurie, Cardston.

The convention held its sittings, which extended over two days, in March, 1903.

The record of the Moose Jaw convention thus presents a conclusive refutation of the present pretences that there is not and has not been any intention on the part of the Conservative party to introduce Dominion party lines in local affairs. On the contrary, the Conservatives as a party stand pledged in the most formal manner at a most representative convention called by their Dominion leader to the introduction of party lines. The attempt that is being made to carry out the determination set forth in Resolution No. 7, quoted above under the guise of non-partisan professions, is a transparent one. The banner which the Conservative politicians are holding is inscribed "Non-Partisan" on the side turned to the public; on its obverse side it carries the Conservative colors, and the object of their professedly non-partisan campaign is the election of Conservative members to the new Provincial Legislatures.

CRICKET

Following are the rival teams for tomorrow's cricket match:

WEST OF SIXTH STREET

H. F. Boyes, captain; O. L. Boyes, A. Clark, C. W. Cross, St. Geo. Jellett, J. E. Nield, E. Slocok, R. H. Stinson, T. M. Turnbull, H. M. Williams and another.

EAST OF SIXTH STREET

H. R. Mountfield, captain; W. Richardson, E. C. Pardee, A. H. Jones, P. Hardisty, R. V. Heathcote, P. G. Robbins, G. H. Adams, F. D. Hobson, Rev. Wilkinson.

The game begins at 2.30.

THE CHINESE CASE

The case in the police court against Wong Fook, is still dragging along. If the evidence of some of the witnesses is to be believed, the partnership of Chinamen is a very loose affair, and their methods of doing business are careless in the extreme. Mob Yee, who was a partner of Wing Lee and Wong Fook, in the Newfoundland restaurant, testified last night to the manner in which the business was run, and claimed that when he went out of it he only got \$80 from Wing Lee, though he put over \$180 into the business, and he did not know whether or not they made any profits. He was a witness for the defence.

Mob Yee testified in English, of which he has a fair command, and took the oath on the Bible, claiming to be a Christian, having been baptized in Christ Church, Vancouver. The case will probably be good for a couple more evenings.

ANOTHER SURPLUS

CANADA'S FINANCES HEALTHY

Budget Debate Completed in Six Hours, the Shortest on Record—Some Items in the Budget

Ottawa, July 6.—Hon. Mr. Fielding gave the annual financial statement of the Dominion today in a speech which occupied one hour and a half. Mr. Foster, the financial critic of the Opposition, replied in a speech of one hour and a quarter. Both speeches were concluded before six o'clock, something which has never occurred before in the history of the Canadian Parliament.

The Finance Minister made a clear and business-like statement. It was his ninth annual story of the progress and prosperity of Canada under Liberal rule. A glance at the leading features in that story shows a surplus of nine million for 1905 and promises a respectable surplus for 1906. During the eight years of Liberal rule there have been surpluses amounting to \$56,457,076, an average of \$7,054,644 per year. Each year the revenue has increased. Last year's increase was about \$6,600,000. For the current year there is expected to be an increase of about one million. The annual issue of money orders has increased nearly four fold since 1899. American silver is to be deported. The tariff commission will meet early and a revised tariff for next session is anticipated. Statistics of all kinds show the prosperity of the country. The tariff changes are 60 cents per hundred on rolled oats, 30 per cent on dry white lead instead of 5 per cent; 35 per cent on white lead ground in oil instead of 25; also 25 per cent on cement bags and 25 cents per gallon on South African wine. When Australia gives Canada a preference, its wines will get reciprocal treatment.

Mr. Fielding's peroration was full of hope for Canada's future as he spoke of how the great West is being rapidly peopled and the desirability of encouraging settlers from the Mother Land.

The debate was concluded in only six hours.

FOUND DEAD

Wentwood, July 7.—Oliver Findlay, son of Rev. Dr. Findlay, of Harris, superintendent of Presbyterian Missions for Ontario, was found dead in his room in the Wentwood hotel here, death was caused by a revolver shot, the revolver being found at his feet. Deceased was C. P. R. road master's assistant, and was an active member of the Presbyterian church.

A LEGISLATOR BURIED

Sarnia, July 7.—The funeral of the late Dr. Donnelly, M.P., for West Lambton, was held here yesterday and was the largest ever held in Sarnia. The masons were in attendance and members of the House of Commons, Legislature and public bodies of Sarnia, Point Edward and Lambton county.

INTERNATIONAL RAILWAY COMMISSION

Ottawa, July 6.—The members of the International Railway Commission, consisting of C. C. O'Leary, H. Ernst, of the Corps of Engineers, United States Army, George Clinton, Buffalo, and George Wisner, of Detroit, will meet their Canadian colleagues in Ottawa on Friday. They will be entertained to luncheon by Mr. R. F. Sutherland, Speaker of the House of Commons, and to dinner in the evening by Hon. Raoul Dandurand, Speaker of the Senate. Next morning they will leave for Montreal and Quebec.

"The production of fall wheat in Alberta has definitely passed the experimental stage and may now be regarded as a staple industry. In fact I would not be surprised if in a very few years it rivalled in importance the ranching industry of that district."

This remark made by J. L. Doupe, assistant land commissioner of the C. P. R. at Winnipeg, prefaced a statement recently giving full particulars regarding the first important crop of winter wheat in the Canadian West. It is estimated, within a month of the harvest that the crop will run from 750,000 to 1,000,000 bushels. This yield will be from five to six times greater than last year's, which totalled 152,152 bushels, and marks a considerable increase to the availed resources of the West. The company has just issued for distribution its first pamphlet on this new industry and has now enroute to the North-West a total of 4,500 bushels from Kansas, which will be distributed to Alberta farmers, while 3,000 bushels in addition has already been brought in.

"The acreage sown in Alberta to winter or, as it is more generally called, fall wheat has increased during the past three years to such an extent as to attract the attention of grain men and millers not only in Canada but in the States also," continued Mr. Doupe.

"The first fall wheat seems to have been grown about fifteen years ago in the neighborhood of Pincher Creek, in Southern Alberta, and after a few years the success of the venture attracted such attention that fall wheat is now grown as far north as the Edmonton district. The first samples introduced were of the white or soft varieties, chiefly Dawson's Golden Chaff, from Ontario, and Odessa, from the state of Utah, as these were in favor there; but when in 1901 the Canadian Pacific Railway company in order to stimulate further the cultivation of fall wheat, imported a quantity of choice seed and sold the same to the Alberta farmers at cost, without making any charge for transportation, they included in that shipment a couple of carloads of the Kansas Turkey Red variety, which has become so popular

that E. E. Thompson, of High River, a very large and enthusiastic producer, estimates that of the 25,000 acres of fall wheat which will be harvested south of Calgary next month, three-fourths are of that variety.

"Besides being apparently hardier, more suited to the climatic conditions as other varieties when over-ripe, Turkey Red possesses superior milling properties, grading No. 1 northern, which is only one grade below the famous Manitoba No. 1 hard, and yields equally well on new breaking well drained and on thoroughly cultivated summer fallow. Seeding extends over the last week of July and the whole of August, harvest over generally the last three weeks of August. One and a quarter to one and a half bushels of the Red and about the latter quantity of the White variety are usually sown to the acre.

"Reports to hand of the operations of a number of farmers for the past three years covering the territory from Pincher Creek to Wetaskiwin give the combined average yield for that period at between 34 and 35 bushels per acre. Yields of 50 bushels per acre are not uncommon, while one case is reported from Spring Coulee of 100 acres yielding 60 bushels per acre.

"Owing to the large number of immigrants who have gone to Alberta during the last and current year, and also to the increased number of older settlers who are now going in for fall wheat, it was found that the supply of seed in the district would fall short of requirements, and the Canadian Pacific Railway company have this year already imported 3,000 bushels of seed from Kansas City and have a further shipment of 4,500 on route which is being sold to the Alberta farmers at \$1.31 per bushel, delivered at their nearest railway station; and as this costs \$1.25 at Minneapolis, and freight from there to the international boundary 10 cents per hundred, or 6 cents per bushel, you will see that the company is carrying this seed free from North Portal to Alberta points, and distributing the grain without cost to the farmer, and are also giving free transportation to a considerable quantity imported by other interested parties.

"The Calgary Colonization company are importing 3,000 bushels for sale to purchasers of their lands, and Mr. C. W. Carman, of Chicago, who has a

large farm east of Claresholm, has brought in 1,000 bushels for his own use."

CALGARY DEFEATED EDMONTON
Calgary, July 7.—In the baseball game last night Calgary won from Edmonton seven to three. Errors lost the game. The teams played again tonight, Pittman in the box.

—The report of the public school examinations will be published in tomorrow's Bulletin, so the boys and girls can be on the look out for the list tomorrow afternoon.

WESTERN NEWS NOTES

Free Press: Mr. David McNeill, the Canadian Pacific railway, arrived on his special car, the Metapedia, on the limited last night and is spending the day in the city. Mr. McNeill is in the west on an inspection trip and will go over the lines of the company to Vancouver. He is spending the day in the office of Mr. Whyte, the discussion of various railway matters. It is understood that all questions of the extension of the branch lines of the company will receive attention and consideration at the hands of the officials. While in Vancouver Mr. McNeill will inspect the newly acquired railway on the island and will take up the matter of building of new railway lines into the fertile agricultural portion of the island. He is of the opinion that the resources of the island are larger than has been supposed and that the future will witness extensive developments. He will leave tomorrow morning for Vancouver and it is probable that Mr. Whyte will accompany him for at least a portion of the journey. On the return trip he will examine a number of the branch lines and will spend several weeks in the west.

Current: July 3.—Word came to Curman last night of a drowning fatality at Sterling. Thomas Brown, a 14-year-old boy, went in bathing in a pond in his father's farm, and got out of his depth and was drowned. His father, who went to the rescue of the boy, was nearly drowned also, being rescued at the last moment by Mr. Burnett, a neighbor. Neither of the Browns could swim.

—The H. B. Co.'s accounts for the year ending May 31, 1905, show a profit on the trade of £102,968 8s. 4d., compared with £98,952 18s. 11d. for previous year. After setting aside £20,000 to the credit of the building account, the balance of the land account for the year amounts to £187,364 1s. 8d., and this, with the profit from the trade, £102,968 8s. 4d., and the sum brought forward from last year, £95,730 17s. 4d., make up a total of £384,061 19s. 4d.

—John Innis and J. P. McConnell, two well known journalists from Toronto, are in the west. Mr. Innis is an old Calgary man and an artist of considerable merit as well as a clever writer. He has portrayed the life of the west in many paintings and drawings. Among his best known works are two series entitled "On the Edge of the Herd" and "Sweet Grass." He was correspondent for the Toronto "Mail and Empire" in South Africa during the war and made many drawings, but of late has been doing portrait work. Messrs. Innis and McConnell are now free lancers. They journey to Kamloops, where they will outfit a back train and go south into the Similkameen country, where they will spend a few weeks and then proceed north into the Cariboo district.

Alberta's Progress

Toronto Globe: Mr. E. W. Day, an old Torontonian, who now has extensive real estate interests in Alberta, has recently arrived in the city from that section of the country, and proposes to spend the next two months with his family at Jackson's Point. To a Globe reporter who saw him yesterday, Mr. Day spoke enthusiastically of the development of Alberta. "It is worth noting, however," he added, "that Canadians do not, apparently, appreciate the country and its opportunities. The Americans do though, and fully ninety per cent. of the settlers going into Alberta today are Americans. No one has a word to say against them. They are experienced, hard-working, shrewd people and make splendid settlers, but it does seem a pity that Canadians should stand idly by while people from another country are quick to grasp the advantages offered."

Mr. Day spoke hopefully of the prospects of the new town of Daysland in which his company is interested, and the district surrounding it. Building has commenced on the town site, which is 75 miles southeast of Edmonton. It is technically described as town site on section 9, township 45, range 15. By November 1 the C. P. R. branch from Saskatoon will be extended to the town. The surrounding country is splendid agricultural and farming land, and well watered.

In twenty years experience of Manitoba and the Northwest, Mr. Day said he had never noted such hopeful crop prospects as those which have come under his observation this season. It certainly seemed as though all previous years would be excelled.

As to the autonomy bill, Mr. Day said there was more anxiety in the east over the educational clauses than there was in the west. It was true

a good many people believed the school question should be left to the new legislature to deal with, but there was confidence that the question would be settled without trouble. All were looking forward with hopefulness to the day when the new provinces would point the mother provinces of the Dominion.

News in Brief

Yesterday's ball games—Superior 2, Winnipeg 1; Duluth 9, Fargo 4; Grand Forks 4, Crookston 9.

The Grand Lodge, K. of P., in Calgary, elected as Grand Chancellor A. J. Carter, Winnipeg, Grand Vice Robt Hockley, Edmonton.

Final details concerning the latest Japanese loan of \$150,000,000 have been made public. The bonds will bear interest at 4 1/2 per cent., and will be secured by a second loan upon the tobacco monopoly. The loan will be divided into three equal parts, London, Berlin, and New York, each taking \$50,000,000.

D. M. McDonald, M.L.A., Fort Qu'Appelle, who has represented North Qu'Appelle in the Territorial Legislature for the past ten years, will not be a candidate at the elections for the Saskatchewan Legislature.

A tornado and thunderstorm passed a few miles west and south of Nocona, Texas, yesterday, killing fourteen persons and injuring many others and destroying a number of houses. The latest reports from the storm-swept district give the following casualties: Dead—Mrs. C. C. Shackelford, Miss Shackelford, Mrs. S. E. Tumble, son and three children, Mrs. Marie Lester and four children; Caleb Eakin, Mrs. W. Williams, Frank Eakin, killed by lightning. Many farm houses were swept entirely away. The number of killed and injured will probably reach sixty.

By an explosion in the Tidewater coal mine at Vivian, West Virginia, nine miners, all of whom were Italians, were injured, and two of them died later in the hospital, while three more are in a dangerous condition, with slight chances of recovery. The explosion occurred at about 5:30 o'clock yesterday morning. The men had just begun entering the mine, and those injured represent all that were in the mine at the time of the explosion. They were rescued with but little difficulty and sent to the miners' hospital. Mine officials claim that the explosion was caused by a heavy shock in robbing the pockets, and that the dust ignited the pockets. The Tidewater mine is owned and operated by the Tidewater Coal & Coke Company.

WOMEN WILL VOTE

FOR THE NEW MEMBERS

The Car Approves of a Radical Scheme
For Reorganizing the System of
Government

St. Petersburg, July 5.—The emperor has approved a scheme for popular representation and elections will be held on the lines of universal suffrage. Women will have a vote, and may vote by proxy. This is the most thoroughly reform scheme ever inaugurated in Russia, and is creating astonishment even to the new parliament's most sanguine supporters.

SUPREME COURT

The case of Shorey vs. B. A. Van Meter, occupied the attention of the Supreme Court almost all day yesterday. The evidence was to the effect that the defendant had backed notes for Van Meter and Blades in favor of the Shorey Co. Judgment was reserved. Newell for plaintiff, Jamieson for defendant.

The next case was Lemire vs. Berthume, an action to recover money due for the installation of plumbing in the dwelling of the defendant. The defence is that the work was not satisfactory and not according to contract. The case is still going on. Garlepy for plaintiff, Hyndman for defendant.

BUILDING PERMITS.

During the month of June, fifty-seven building permits were issued in the city. Twenty-nine were for dwellings, thirteen stables, four kitchens, three offices, two warehouses, two additions to stores, one store, one bank, one store house, and one addition to a church. The aggregate cost of these buildings amounts to \$126,590. So far in July only three permits have been issued. One to J. H. Logan for an \$800 dwelling, one to J. W. Bond for a \$3000 billiard room and cigar store, and one to H. Frigon for a \$1300 dwelling.

LOCAL

—The Magazine supplement to last Saturday's Globe contained handsome cuts of the wives of the Dominion Cabinet Ministers. It is a group of large half-tones occupying a double page and makes quite a unique and handsome souvenir of the Dominion Government.

—Calgary Herald: Two of Calgary's best known young people were married last night, when Rev. F. W. Peterson, pastor of the Baptist church, united E. N. Niblock and Miss Williams, daughter of Mrs. Williams, Fifth avenue east. The groom is a son of Superintendent Niblock, and is himself a well known member in the railway service on this division.

—Councillor West, of Wetaskiwin, brought in the celebrated chicken by-law on Thursday evening last, and it received first, second and third readings and became law as by-law No. 63. By this law it is now an infraction of the town statutes to allow poultry of any kind to run at large between May 1 and September 1. There are now a number of penalties connected with the offense which will be sufficient to make the simple "hen" a subject of contention for years if the bylaw is carried out properly. The main item however is that a fine of \$1 is fixed for the first offence and \$5 for the second offence.

—Calgary Albertan: The Licensed Victuallers had a meeting in the council chambers last night, at which it was decided to form a new organization, to be called the Alberta Licensees' Protective Association.

The officers of the new association are: L. A. Manley, Soleman, president; J. B. Mercer, Edmonton, vice-president; H. L. Stevens, Calgary, secretary-treasurer. The executive committee is H. S. McLeod, Calgary; W. G. Walker, High River; G. Lundy, Innisfail; Geo. Dena, Red Deer; N. W. Gould, Wetaskiwin; J. A. Beauchamp, Strathcona, and J. T. Laird, Medicine Hat. A special committee was appointed by the president to draft by-laws, etc., and to prepare some amendments to the Liquor Ordinance. This committee will report at another meeting to be held in the same place at 8 o'clock tonight.

—An auction sale of horses was held at the Alberta stables yesterday afternoon. There was practically no demand for them at all. A team wagon and harness, on which the owner placed a reserve bid of \$400, never passed the \$200 mark. An exceptionally fine pair of mules were withdrawn as no better offer than \$150 for the team could be got. One horse was sold for \$25, others were withdrawn. Last week the demand for horses was brisk, but at present buyers are not on hand.

—Alberton: Mrs. Nelson Magoon and daughter of Strathcona are visiting Mrs. Magoon's parents, Mr. and Mrs. F. B. Commer, Fourth street, west.

—The Calgary Observer, the official organ of the W. C. T. U. and devoted to the interests of temperance and moral reform, has made its first appearance. The Observer will be issued monthly in the future.

PIANO RECITAL

Prof. J. A. D. Tripp, of the Toronto Conservatory of Music is coming to this city next week to conduct musical examinations in connection with the Conservatory. On Friday evening July 14th, Prof. Tripp will give a piano recital in the Methodist church. The professor is one of the best pianists of Toronto and the music loving public have a treat in store for them at his recital.

This will be one of a series of entertainments to be given in aid of a fund for the purchase of a pipe organ. Further announcements will be made of these concerts and they can be looked forward to as prospective first class entertainments.

LOCAL

—Waghorn's guide for July has been issued.

—Lacrosse practice tonight and Saturday night.

—The city council meets tonight in regular session.

—Calgary's fair opened Wednesday with a good attendance.

—The Washington correspondents were entertained in Calgary on Tuesday.

—Calgary Herald: Miss McPhail is spending her holidays with friends at Edmonton.

—Regina will celebrate Provincial day on Labor day, the first Monday in September.

—The annual Willowdale picnic will be held on Thursday, July 13, on the quarter section adjoining W. Steffler and D. Musselman. A football game will be played between Willowdale and Onoway at 10 a.m. All kinds of games will be arranged for the children. Everybody is invited.

—Sheriff Robertson has notified J. R. Radcliffe, of Toronto, the official hangman, of the date set for the execution of Charles King. Radcliffe will receive his instructions to come here, from the Department of Justice at Ottawa, after the evidence has been reviewed and the sentence passed upon by the executive.

—The work of excavation for Mr. J. W. Bond's new pool room and cigar store was begun this morning. The building is to be erected on the south side of Jasper avenue, between Henry and Blower's block and Nankin's jewelry store. The building will be brick and will be handsomely fitted up. W. J. Carter is the architect and contractor.

—Mr. J. M. Parsons, International Secretary of the Y.M.C.A., for the West, will be in the city on Sunday. He will probably preach in the Baptist church in the morning. At 4 p.m. he will address a meeting of men only in the Presbyterian church, and on Sunday evening, at 8 o'clock, he will address a men's meeting in the Methodist church. The evening meeting will be of an evangelical nature.

PERSONAL

Mr. and Mrs. H. McKay leave on Tuesday on a trip to Scotland.

Rev. and Mrs. D. G. McQueen and family are camping on Coney Island.

Judge Scott's family, Mrs. (Dr.) Harrison and family, W. H. Cooper's family and Sheriff Robertson's family are holidaying at Cooking Lake.

Ald. Kenneth McLeod and family are going out to Cooking Lake the last of this week.

WEATHER.

Windsor, July 7.—Fine warm weather has continued in all districts. Showers occurred in Alberta, and just a trace in Western Assiniboia. The probabilities are for fair and moderately warm weather today and Saturday.

Temperatures recorded for the past twenty-four hours.
